Overview

Touted as the "The Pearl of the Pacific," Mazatlán sits on Mexico's Gold Coast. It is the closest Mexican resort to the U.S. and features 17 miles of shoreline. Old Mazatlán is the opportune stomping ground for history buffs and avid sightseers, while the city's modern "Golden Zone" is home to tourist hotels and resorts, a handful of which offer all-inclusive vacation packages. Mazatlán's Golden Zone abuts the coast and houses authentic eateries, shops and nightlife.

El Cid Resorts

The El Cid Resort company boasts four all-inclusive resorts in the Mazatlán area. The El Cid Marina Beach Hotel sits in the heart of the Golden Zone Marina, while the Castilla Beach Hotel lies four miles from the downtown district and Olas Altas. The nearby El Cid Granada Country Club and Moro Beach Hotel are also nestled within the Golden Zone, and each hotel is either beachfront or within a two-minute walk to the ocean. All-inclusive options are offered at all four resorts. These cover the amenities exclusive to each property. Most plans include accommodations, daily meals at any Mazatlán El Cid resort restaurant and unlimited house-brand alcoholic and nonalcoholic beverages. Access to both the Kids Club and Teens Club, nightly adult entertainment, non-motorized water sports activities and daily access to the pool, fitness center, steam room and sauna are included as well(...).
